THE MONTH OF THE QURAN

BY: KHALILATULLAH

بِسْمِ اللّٰهِ الرَّحْمٰنِ الرَّحِیْمِ

Ramadhan is known as the month in which we fast, but if we look deeper it is also the month of the Quran. It is known as the month of the Quran because it was in this very month that the Quran Shareef was revealed to Nabi (ﷺ). Since this is the month in which the Quran Shareef was revealed, we owe it even more to the Quran Shareef in this month to give It our full attention. We need to dive into the oceans of Its wisdom so we can attain the Marifah of Its Author. This month was also the month in which Nabi (ﷺ) would revise the Quran Shareef with Jibraeel (as). This is a special Sunnah .for the Huffadh

The month of Ramadhan holds more virtue than other months. In the same manner, good deeds are more fruitful in this month as compared to other months. The reward of praying Quran Shareef during the month of Ramadhan is much more than in other months. On an ordinary day, the reward for reading each letter of the Quran is tenfold. Whereas in the blessed month of Ramadhan, the reward is multiplied 70 times! SubhanAllah imagine how Merciful our Rabb is, that even by just praying a single alif we get so much reward.

In this month we should try our best to increase in our Tilaawah of the Quran Majeed. We should spend as much of our time as possible reading the beautiful messages of our Creator. To make use of our time, we can pray a specific amount of pages after each Salah, and little by little it will add up to a lot. Instead of spending our time doing things that are not very beneficial, we would rather pray more Quran Shareef and see how much more we can accomplish.

As we dedicate our month to the recitation of the Quran Shareef, we should not forget to recite It in the correct manner. When reciting the Quran Shareef we should maintain a calm, slow pace and recite as though we are reading a letter from our beloved. However, if you opt for a faster pace, it should be kept in mind that all the laws of Tajweed are followed. Whilst we are praying, we also need to concentrate and ponder over the messages of the Quran Shareef, thinking into their meanings that, “What is my Rabb trying to tell me?” Along with that we should also make an effort to cry as the beautiful words of Allah leave our lips, if not, we should assume the face of a crying person. Lastly, we should pray the Quran Shareef solely for the sake and pleasure of Allah Ta’ala.

Let us use this month to make a strong connection with the Quran Shareef,
and an even stronger bond with Its Creator
